

Toilet Roll Pony Creations

You will need:

- 2 Empty toilet roll holders
- Some glue
- String, wool or felt material for the mane and tail
- Paint if you want to paint it in your favourite pony colours

How to make a toilet roll pony creation:

- Use one toilet roll for the body and 1/3 of the second one for the head, glue the smaller piece onto the top of the larger one as shown in the picture above.
- Cut out some pony ears and feet from the toilet roll holder that is left and glue in place.
- Make some legs using some left-over roll. It is easiest to keep the legs in one piece and glue it to the pony's tummy.
- Cut some lengths of string, wool or felt for the mane, tail and forelock and glue into place.
- Paint your pony in your favourite colours – don't forget to add eyes and a nose.
- Add a headcollar or bridle and saddle too if you'd like to.

Does your creation look like a horse or pony from the sanctuary?

We'd love to see your creations please send a photo to education@mareandfoal.org
